There is also plenty of street parking available surrounding First Baptist Church. No Valet parking will be available. The parking lot just Northeast of the Sanctuary entrance is reserved for handicapped parking.

ENTRANCE INSTRUCTIONS

Please enter through the four main doors to the sanctuary off of North 3rd Street. Doors will be open one hour before the performance time.

GERM TREATMENT

We have partnered with the Germ Killer who will be treating First Baptist Church with a solution that kills germs and bacteria on all surfaces for 90 days after treatment. Additionally, we will be placing five Sterionizers throughout First Baptist, which are bi-polar ionization air purifiers with a built in HEPA filter that will clean, between the five units, 100,000 cubic feet of air every hour. These will be running all day and are quiet enough to leave running throughout the concert.
